KING HAS A BAD NIGHT AND HIS CONDITION IS EXTREMELY CRITICAL

KING HAS A GOOD MORNING.

LONDON, June 25—2:15 P. M.—The following bulletin was issued at 2 P. M.:

"The King passed a comfortable morning and his condition so far is satisfactory.

"TREVES, LAKING, BARLOW."

LONDON MERCHANTS HIT HARD.

LONDON, June 25.—The business section of London was slow in recovering from the stunning effects of yesterday's developments. While the barriers around Westminster Abbey have been removed, the decorations are being completed. The demolition of the stands has begun and progress is slow. The hotels and provision dealers are hit the hardest. Thousands of pounds of perishable food of the most expensive varieties are crowding every refrigerator in London, while orders for many tons more were telegraphically cancelled yesterday and will remain a source of litigation or compromise.

Will Share Losses.

The caterers of the fashionable west end establishments have already announced that they are willing to share the losses of their patrons who had given large orders for delivery tomorrow and Friday. A few of the caterers, or hotels, availed themselves of the insurance, the recently offered Lloyd's rate of 10 per cent being considered too high. Many proprietors of reviewing stands were thus protected. But the important question remains as to whether the money paid for seats will necessarily be refunded. Only a few of the seats of nearly half a million were sold with any specific proviso on this point.

Streets Deserted.

The manufacturers of medals and souvenirs are badly hurt. One of these said that 10,000,000 medals, dated June 26 and 27, already struck, were now valueless. Altogether, London's business loss is incalculable and the people of Portsmouth, where preparations involving a big expense had been made to reap a harvest from the naval review, are simply crushed.

The streets of London today seemed deserted compared with the beginning of the week. The chief points of interest were Buckingham Palace and Fleet street. At both localities crowds of people surrounded every bulletin board and anxiously bought the numerous "extras."

A curious fact in this connection is that some of the outlying suburbs had no general realization of the postponement of the coronation until the residents received the morning papers. The demand for papers in this city and the nearer suburbs yesterday absorbed the whole supply before reaching the outer fringe of London.

Hong Kong and Simla announce the substitution of religious services for the contemplated festivities.

The British transport Bavarian, which had been racing against time with the land contingent of South African volunteers who were to take part in the coronation ceremonies, and which reached Southampton yesterday, debarred her troops this morning.

Naval Review Is Off.

The ragged, sunburnt troops were much affected when they received the news of the King's dangerous illness.

A final effort was made today to have the naval review carried out in some fashion, but the government leader in the House of Commons, A. J. Balfour, declared that it was impossible.

The commanders of foreign vessels are awaiting instructions from their governments regarding their future. The fleet will begin to disperse June 30. By the King's official desire, the coronation lists of honor will, after all, be published tomorrow, as originally arranged. According to the Evening News, there is good foundation for the rumor that it was the King's earnest desire that he should be crowned in his bedroom, and that the procession of Friday should be carried out without him.

Story of a Gypsy.

The story of the King and the Epsom gypsy is being retold. According to this, a gypsy who was supposed not to have known His Majesty's identity told him that he would rise high, to the throne, but would just fall short of his ambition the last moment and would not be crowned king.

The seer told King Edward that he would be so unlucky on the turf that even if one of his horses was going to win a race it would fall dead at the winning post. This prediction was fulfilled in the case of Counterpane, in 1886.

Later at Homburg a palmist is said to have foretold that the king would become ill as he started for his coronation. Whether the stories are true or otherwise, the coincidence of their being current this year and the event of yesterday are regarded as remarkable.

Annual rose display, Piedmont Springs, now at its best.

ROOSEVELT ENDORSED IN MISSOURI

JEFFERSON CITY, Mo., June 25.—The Republican State Convention was called to order this morning. The Credentials Committee had succeeded in reaching an agreement and presented its report, which was taken up. The reading of the platform contained an unequivocal endorsement of Roosevelt for President in 1904, and was greeted with wild applause, the delegates mounting their chairs and cheering enthusiastically. Hats and handkerchiefs were tossed into the air, and for five minutes the ovation to the man whom Congressman Joy metaphorically designated the "Little Rough Rider of the White House" was overwhelming.

TOWN DESTROYED BY A BIG FIRE

SALT LAKE, June 25.—Meager advices from Mercur, Utah, the second largest mining camp in the State, having a population of about 2,000, state that 80 per cent of the town was destroyed by fire this morning. The entire business portion, including McCornick & Co.'s bank, the Union Mercantile Company's store and the telephone exchange, has been destroyed.

Wire communication is cut off.

FOUND DEAD IN BED.

BLOOMINGTON, Ill., June 25.—Col. Henry C. Reeves, a widely known Republican politician was found dead in bed today. He was private secretary to Governor Fife and was a member of his staff.

DEATH OF CHARLES HEGARTY.

NEVADA CITY, Cal., June 25.—Charles Hegarty, a pioneer resident and successful business man, is dead. The deceased was a prominent mine owner. A wife and eleven grown children survive him.

WORRIED OVER KING.

LEAVENWORTH, Kas., June 25.—An unknown man, evidently temporarily insane from worrying over King Edward's condition, jumped from a bridge over the Missouri river here today and was drowned. Just before making the leap, he inquired about the condition of the King.

NOMINATION IS CONFIRMED.

WASHINGTON, June 25.—The Senate has confirmed the nomination of Col. W. H. Carter, Assistant Adjutant General, and Major L. H. Bliss, Commissary, to be Brigadier Generals.

CRISIS HAS NOT BEEN REACHED.

LONDON, June 25.—At 3:55 P. M. today Sir Francis Knollys, private secretary to King Edward, told a representative of the Associated Press that no particular change had occurred, but that the King was maintaining the improvement in his condition.

The following statement was made this afternoon on the highest medical authority:

"Until the tubes now draining the cavity of the abscess have been removed, it will be impossible to feel certain that the King will pull through. What his physicians have now to fear is that peritonitis or hemorrhage may supervene. There must always be this danger in such cases. Again, it is a fact that any abscess due to perityphlitis may have a fatal issue without any warning symptoms. All the indications are often masked until the post mortem and there are many cases on record where the disease was only discovered after death from an extraneous cause, such as an accident. At any rate, the King's grave illness must invalid him for a long time."

TELLS OF DISEASE AND OPERATION.

NEW YORK, June 25.—The following special cable was today received by the New York Medical Journal from its London correspondent, whom they consider the highest medical authority in Great Britain and who is in intimate touch with everything that transpires at the bedside of the King:

"LONDON, June 25.—The King's disease is perityphilitis, following cold contracted nine days previously. His symptoms became rather acute a week ago, but had subsided, and it was hoped that he would go through the coronation ceremonies. Owing to a sudden exacerbation early Tuesday morning, an operation was decided upon at 10 o'clock and the operation was performed at noon on the King by Sir Frederick Treves, the anesthetic being administered by Dr. Frederick Hewitt. The abscess was opened around the coecum, the pus evacuated and the cavity drained. There was no resection of the bowel, the newspaper reports that tubing was required to preserve the continuity of the intestine being entirely misleading. The recovery from anesthesia was satisfactory; the patient passed a restless night, succeeded by improvement, his condition being favorable Wednesday at noon."

PRAYERS ARE OFFERED FOR KING. NOTED VISITORS LEAVE THE CITY.

LONDON, June 25.—11:27 a. m.—Anxious suspense over the condition of King Edward VII, shared, as is evidenced by the telegrams from abroad, by the whole civilized world, will be made less by the bulletin issued by the attending physicians at 10:30 o'clock this morning as follows:

"His Majesty was very restless and had no sleep during the early part of the night. He obtained some sleep, however, after 1 o'clock this morning, is free from pain and no untoward symptoms presented themselves. Considering all circumstances, His Majesty may be said to be progressing satisfactorily.

(Signed.)

"LISTER, TREVES, LAKING, SMITH, BARLOW."

News Kept Back.

Earlier unofficial reports had been more favorable than the official medical pronouncement. They spoke of the King as having passed a good night with peaceful rest and the announcement of his Majesty's restlessness and lack of sleep are regarded by the general public as by no means reassuring, although court officials profess satisfaction. The absence of all mention of the patient's temperature causes comment, although probably the statement that up to the present "no untoward symptoms presented themselves," is intended to indicate that there has been no dangerous rise in temperature.

In medical circles, the opinion is expressed that, in the phrase just quoted the surgeons are saying all they possibly can. In fact, the whole meaning of the business is concentrated therein, the rest being purely corollary thereto.

Throughout the morning, the vicinity of the palace was invaded by seekers after information. A curiously cosmopolitan crowd gathered about the railings, awaiting the morning bulletin and directly after it was posted, there was a great scramble to read its contents.

Illness Very Grave.

The Prince of Wales arrived just as the bulletin was being issued.

Lord Lister, who came directly from the King's apartment, after having assisted in drawing up the bulletin, left shortly afterwards and the cheerful expression apparent in his face was taken as an indication that he was satisfied with the patient's condition. Callers continued to arrive in great numbers throughout the morning. Among the earliest distinguished personages were Lord Salisbury, who rode up on a tricycle; Archduke Francis of Austria, and the Duke of Norfolk.

The Duke of Cambridge, who arrived later, had previously presented a set of colors to the Middlesex Regiment, addressing which he said the King's illness was a very grave blow and a trying one. But, he added, he was very glad to be able to speak hopefully of the progress made by His Majesty, because he had received favorable news from the King's bedside.

TWO K emfw hneshrdlese

Private information from Buckingham Palace substantially bears out the official bulletin issued at 10:30 o'clock, except that the King had rather a worse night than was indicated therein. His Majesty, however, is resting easily and was sleeping at 10:30 o'clock this morning.

Officials Are Leaving.

The exodus of the coronation embassies already has commenced. The next two or three days doubtless will see the departure of all but one or two, and these will close up their official establishments and remain in London merely as private visitors.

The medical bulletins are rapidly posted about London and the same scenes as witnessed yesterday were enacted today. By noon long strings of carriages were waiting to put down visitors at the Ambassadors' and main entrances of the Palace.

Will Pray For King.

Tomorrow has been officially appointed a day of intercession for the King's recovery and in every parish church in the United Kingdom special intercessionary services will be held. The authorities of St. Paul's Cathedral, by request, have arranged a solemn service of intercession to be held tomorrow at noon. The general public will not be admitted. Only ticket holders to the postponed Westminster Abbey coronation ceremonies will be present.

Catholics, non-Conformists, Jews, Salvationists and other religious bodies are all arranging special prayers, while in the camps of the colonial and other visiting troops, the Mohammedans, sun worshipers, fire or fetich worshipers, whether from China, Borneo, Fiji, Central Africa or Hindoostan, or from the Indian reservations of America, the usual hour for prayer finds them supplicating their deity in behalf of the King.

As the day progressed the crowds around Buckingham Palace augmented and the cautious wording of the early bulletin was much discussed. Soon after 2 P. M., a second bulletin was posted.

Thousands Register.

This was regarded as being somewhat more favorable, and the good impression which it created was enhanced by the arrival at the Palace shortly afterwards of the Duke and Duchess of Aosta, who came from Dorchester House to lunch with the royal family. The observers deduced therefrom that unless the King's condition was fairly satisfactory, the Queen would not have entertained the visitors, for she has been unremitting in nursing her husband and has hitherto been constantly at his bedside.

Thousands of names of visitors were registered at the Palace yesterday.

PRAYER FOR KING IN THE HOUSE

WASHINGTON, June 25.—Rev. Dr. Carlson, Chaplain of the House, in his invocation today, prayed for the restoration to health of King Edward.

"Hear us," he said, "when we pray for the King of England. Grant, if in accord with Thy will, that he may be restored to strength to guide and control his people in justice under thy guidance."

Mr. Cannon, chairman of the Appropriations Committee, called up the conference report on the sundry civil bill. He explains that the report was a complete agreement upon all items in dispute. As finally agreed to the bill carries about $60,000,000, being about $1,000,000 less than the current law. The report was adopted.

SULLIVAN ACQUITTED OF BATTERY.

George Sullivan was acquitted in the Police Court this morning of battery.

It was alleged that Sullivan entered a saloon in East Oakland some time ago and seeing a group of men at the bar "butted in," but the men did not desire his presence and a general fight ensued that ended by Sullivan being arrested for battery.

LETTERS OF ADMINISTRATION GRANTED.

Hugh W. Dolan has filed a petition for letters of administration on the estate of Mary Pryor, who died intestate, May 10 last, in Santa Cruz. The estate is valued at $500.

DAMAGE BY TORNADO.

SIOUX CITY, Ia., June 25.—Reports of a tornado which swept over southeastern South Dakota and Northwestern Iowa last night come in slowly, owing to loss of wires. It is reported that several lives were lost at Hudson Sunday.

At Tyndall, S. D., damage is reported to small buildings and trees.

DIED OF HEART DISEASE.

NEW YORK, June 25.—Mrs. Julia A. Simpson, great grand niece of Charles Carroll, one of the signers of the Declaration of Independence, is dead here from heart disease.

DEFAULT ENTERED.

A default has been entered against the defendant in the suit for divorce brought by Lizzie Wilbur against William Wilbur.

TO SELL PERSONAL EFFECTS.

B. C. Hawes, public administrator, has petitioned to sell the personal property of the estate of Henry G. Williams.

THE RETAIL CLERKS.

The Retail Clerks will have a float in the Fourth of July procession. They cannot parade, as they have to work so late on July 3.

PHYSICIANS WILL NOT SAY THAT THE KING WILL RECOVER

LONDON, June 25.—The King spent a quiet day and the lack of unfavorable developments was regarded as greatly in his favor. No definite prognostications, however, regarding his chances of recovery are likely to be publicly ventured by the doctors for several days. Until this morning it was hoped that Friday's procession might occur on Saturday, the Prince of Wales taking the King's place.

NO PARADE.

This was suggested especially for the benefit of the colonial contingents, and would have been almost purely a military display. The idea was abandoned today, as the doctors say the King was likely to be still in a critical condition Saturday and they could not be answerable for what any hour might bring forth, though so far no especially alarming symptoms had exhibited itself.

It was practically decided this afternoon that the Prince of Wales will review the colonial troops, probably next week. They will then return to their respective countries.

A favorable factor mentioned by several of those at the Palace today was the King's adaptability to the severe regime involved.

EXCELLENT PATIENT.

"He is an excellent patient," said a peer who had just seen one of the members of the royal family. "He does everything he is told and does not worry, unlike many royal personages. This considerably helps the doctors in their efforts to pull him through. With a younger and thinner patient, the King's progress up to this afternoon would probably permit the doctors to be more optimistic, but they are carefully avoiding any possibility of inspiring premature rejoicing."

Throughout the day a large crowd, chiefly composed of gaily dressed women, watched the royal carriages driving in and out of the Palace enclosure, vainly endeavoring to identify the foreign Princes, and when any private carriage arrived the whisper went around: "Is it a doctor?"

NO NEWS OF THE PORTLAND.

STEAMER IS FLOATING WITH THE ICEBERGS IN THE BEHRING SEA.

PORT TOWNSEND, Wash., June 25.—The steamship Ohio, Capt. Biggs, arrived from Cape Nome at 5 o'clock this morning. When the Ohio left Nome, no trace had been discovered of the steamer Portland, which was blown among the icebergs in Behring Sea. The steam schooner Jennie was long overdue at Nome and fears were expressed that he had been caught in the early ice packs and probably ground to pieces with the breaking up of the floe.

DETECTIVE GOES NORTH.

SAN FRANCISCO, June 25.—In spite of the fact that Chief of Police Wittman has not the slightest faith in the story told by the person now in jail at Sedro-Wooley, who claims that he is John Bennett and the murderer of Nora Fuller, this morning he sent Detective Tom Gibson North to make a full investigation of the matter.

DENIES THAT HE TREATED WIFE IN BRUTAL MANNER.

James Callan, who was formerly an inmate of the County Infirmary, but who is now suing his wife Mary Callan for maintenance, in answering the cross complaint of his wife denies all the sensational allegations of his spouse and avers that aside from his infirmities, he has been in every way a model husband. Callan alleges that his wife is possessed of considerable means, and that during his period of illness has not contributed to his support, although capable of doing so from a financial standpoint. In her cross-complaint the wife alleges that her husband has been habitually intemperate, and had on sundry occasions threw chairs at her, choked her and threatened her with great bodily harm if she did not drink certain potions he had prepared.

To all these allegations the husband has entered a strenuous protest and denial in his answer to the cross-complaint. He states that he is not the owner of any property in Spokane, Washington, or Butte, Montana, as alleged and he also denies that he ever treated his spouse in an inhuman manner. He therefore prays that the court will compel his wife to support him.

The couple have one child.

PRAYER FOR KING IN THE SENATE

WASHINGTON, June 25.—The chaplain in his prayer at the opening session today invoked "blessings upon our sister nation, England, which holds, with us the sacred trust of Christian progress. We remember her tears and prayers for us when our great ruler fell. And now we have Christian sympathy and brotherly concern in this, her hour of sorrow. Bless her King and give him a happy issue out of his present sickness."

"LISTER, TREVES, SMITH, LAKING, BARLOW."

CHANCES ARE AGAINST HIM

LONDON, June 25, 6 p. m.—The reports which are again being circulated in New York of King Edward's desperate condition are untrue. Sir Thomas Lipton spent an hour at Buckingham Palace this afternoon and the Associated Press has his authority for making the announcement.

"The chances," said Sir Thomas, "were decidedly against his recovery but you can say that at [illegible] o'clock he was doing well."

The King's mind is entirely [illegible] and while Sir Thomas was at the Palace, he received word that His Majesty's wish that the arrangements for the dinner to about 500,000 of the poor of London, July 5, should be proceeded with. Before tomorrow [illegible] ing over half a million invitations will have been sent out.

WILLIAM VINCENT FLED WITH MUSCLE DANCER

West Oakland Man Has Gone to Reno With the "Gay Paree" Troupe.

Infatuated with one of the hula-hula dancers in the "Gay Paree" show, William Vincent, a young man employed by the Southern Pacific Company, has deserted his young wife and a ten-months-old baby, and departed for Reno with the show.

Before "Gay Paree" came to town, William Vincent and his wife May with their little baby not a year old, were a happy family, living at 835 1-2 Peralta street.

The husband worked for the Railroad Company and with his earnings kept his wife and child from want. But he became acquainted with one of the women composing the "Gay Paree" troupe, which played at the Fair, and from then on his earnings were diverted from his family.

His wife knew of his infatuation, but could not break the spell.

Last Saturday the husband drew his time from the Railroad Company and calmly announced to his wife that he was going to Reno with the "Gay Paree" troupe.

With no one to provide the necessities of life, his wife is nearly distracted, and today asked Assistant District Attorney Samuels to issue a warrant for her husband's arrest. Mr. Samuels will investigate the matter further before issuing the warrant.

PRESIDENT IS GUEST OF BOSTON

HE HAS MANY ENGAGEMENTS TO KEEP HIM BUSY IN BEANTOWN.

BOSTON, June 25.—President Roosevelt arrived here this morning, on his way to Cambridge. The President intended to remain in Boston only today, but a varied program was before him, including his attendance at Harvard commencement, where a degree was to be conferred, his appearance as a guest at the Harvard alumni dinner at the banquet of the Spanish war veterans at the Algonquin Club early in the evening, and at the banquets of the International Association of Press Clubs later. It was the President's plan to depart at midnight for New London, where tomorrow he would witness the annual boat race between Harvard and Yale.

Arriving at Cambridge, the President was at once conducted to Sanders Theater, where the commencement exercises were held. After the addresses of the commencement speakers, the honorary degree of LL. D. was conferred upon President Roosevelt and also upon Secretary of State Hay.

CASE'S SENTENCE CONTINUED.

Acting Police Judge Stetson further continued the case of mail-wagon driver Andrew Case found guilty of using vulgar language. He will be sentenced on June 26th.

J. O. CADMAN IS NAMED TO SUCCEED C. A. BON

Strong Petition Was Presented to the Mayor Asking That He Be Appointed Councilman.

A vacancy existing in the office of member of the Council of the city of Oakland at large, owing to the death of Charles A. Bon, Councilman-at-Large of the city of Oakland, now therefore I, Anson Barstow, Mayor of the city of Oakland, by virtue of the authority conferred upon me by the Charter of the city of Oakland, do hereby appoint John O. Cadman a member of the City Council at large of the city of Oakland, to fill said vacancy.

Witness my hand this 25th day of June, A. D. 1902.

ANSON BARSTOW,
Mayor of the City of Oakland.

This morning Mayor Barstow filled the vacancy in the Council caused by the death of Charles A. Bon by appointing John O. Cadman, the well-known insurance man. Mr. Cadman immediately qualified by taking the oath of office and filing his certificate of appointment. He will probably be assigned to the same position on the several committees that Mr. Bon formerly filled. This will make him Chairman of the Ordinance and Judiciary Committee, unless some change is made in the chairmanships.

Mr. Cadman was highly recommended to the Mayor. He was endorsed by a number of the leading bankers, merchants and professional men of the city, as the following petition shows:

"Oakland California, June 23, 1902.

"To the Hon. Anson Barstow, Mayor of the City of Oakland—Dear Sir: We, the undersigned citizens and taxpayers most heartily recommend and urge upon you the appointment of Mr. John O. Cadman to the vacancy occasioned by the death of Councilman Charles A. Bon.

"Mr. Cadman for years has been a resident of the City of Oakland, an active Republican and profoundly interested in the welfare of the municipality. His friends are legion. We believe that not only would his appointment be to the best interests of the municipality, but will reflect the highest credit upon the appointing power.

"W. W. Witcher, Pierce Hardware Company; H. C. Capwell, The Lace House; Walter J. Mathews, architect; E. Lehnhardt, confectioner; F. W. Henshaw, Justice Supreme Court, Sixth avenue and Fifteenth street, Oakland; Wm. Ingram, Ingram Hardware Company; Theo. Gier, Theo. Gier Company; C. J. Heeseman, 1107 Washington street; John A. Britton, President Oakland Gas, Light and Heat Company; W. W. Garthwaite, cashier Oakland Bank of Savings; Isaac L. Requa, President Oakland Bank of Savings; S. B. McKee, attorney; M. L. Schlueter, merchant; W. H. Watson Company, by T. W. Sigourney, president; W. C. Jurgens, secretary W. M. Watson Company; A. S. Macdonald, 624 Walsworth avenue; A. A. Pennoyer, Taft & Pennoyer; Wm. R. Davis, attorney; also recommended by Everett J. Brown, chairman Republican City Central Committee; Clinton G. Dodge, treasurer Republican City Central Committee; D. W. Doody, secretary Republican City Central Committee; Geo. W. Reed, member at large Republican City Central Committee, and all members of the committee."

Of the half dozen candidates whose names were presented to the Mayor none was higher or more strongly endorsed than Mr. Cadman. Besides the Mayor felt that something was due to Mr. Cadman because he had made an unsuccessful contest for Councilman in the Fifth Ward at the last election, in the face of heavy odds. James A. Smilie, his successful opponent, was disqualified, but A. W. Bishop received the appointment to the vacancy.

John Owen Cadman is a native of Detroit, Michigan, not quite 42 years of age, and has resided in Oakland for twenty-two years, having made his home in this city ever since he came to California. He married in Oakland nearly twenty years ago and has reared a family here.

Mr. Cadman has been in the insurance business ever since he left school, and is at present connected with the Transatlantic Fire Insurance Company of San Francisco. He also does general insurance brokerage. He is a member of the Athenian and Reliance clubs, and is an ardent sportsman, being an expert fly fisherman and a good wing shot.

Mr. Cadman is an enthusiastic advocate of public improvements. When a candidate for the Council he made his campaign mainly on the issue of improving the city. His particular hobby is improving Lake Merritt, but he is also a believer in all kinds of improvement. He is a man of much energy, and is very popular in club and insurance circles.

Mr. Cadman lives at 1677 Valdez street.

When asked what his policy would be Mr. Cadman answered, "Do anything I can to build up the town. I want to see Oakland more beautiful and more prosperous. You know I have always advocated improving the city in a way to make it more attractive and healthful. Well, I feel that way stronger than ever. There never was a time when Oakland more needed improvements. As to details of the city's affairs, I cannot express myself till I have had an opportunity to acquaint myself with them."

NAME A TICKET FOR NEBRASKA

DEMOCRATS AND POPULISTS HAVE JOINED IN A COMMON CAUSE.

GRAND ISLAND, Neb., June 25.—Fusion was accomplished by the Democratic and Populists' State Conventions today, when both bodies unanimously nominated W. H. Thompson of Grand Island, a Democrat for Governor.

The nomination of Thompson by the Populists came on the tenth ballot, when he received two-thirds of the votes cast. The nomination was made unanimous. Thompson had already been nominated by the Democrats.

Conference committees at once got to work on the rest of the ticket. The Populists were given their first choice of the naming candidates.

William J. Bryan was nominated by the Populists for Governor by acclamation, and the Democratic convention notified. Mr. Smythe appeared before the Democratic convention and announced that fusion with himself as a nominee seemed impossible and offered to withdraw.

Mr. Bryan thanked the convention for the honor but he said he could not accept the nomination for reasons already familiar to the public. He made a plea for harmony and for fusion.

The Populists at 9 o'clock took a ballot which resulted in the nomination of General P. H. Barry. The Democratic convention was notified of this action and the two bodies were soon again in deadlock, balloting on Thompson and Barry.

Other nominations were:

Lieutenant-Governor— E. A. Gilbert, Populist, New York.

Secretary of State—John H. Powers, Populist, Hitchcock.

Attorney General—J. H. Broody, Democratic, Lincoln.

Commissioner of Public Lands and Buildings—James C. Brennan, Democratic, Omaha.

SHOT HIS WIFE IN CONCERT HALL

BRIDE OF TWO WEEKS LEAVES HER HUSBAND AND IS MURDERED.

NEW YORK, June 25.—David Burnside, 24 years old, residing in Brooklyn, shot and killed his wife, Lilian, aged 22, in a concert saloon on the bowery at Coney Island, and then fired a bullet into his own head, with probably fatal effect. The couple had been married two weeks, but failed to agree and the young wife left her home. The shooting followed.

STEVENS AND DENAHY CASES CONTINUED.

The charge of assault with a deadly weapon brought against Landers Stevens, proprietor of the Dewey Theater, by Dan Denahy, whom Stevens punished for insulting a lady member of the Dewey Company, was continued till July 2, by acting Police Judge Stetson, this morning. Denahy claims that Stevens hit him with a pistol.

The case of battery against Denahy, whom Stevens clubbed out of the notion of insulting defenseless women was also continued.

TERRIFIC STORM IN INDIANA.

Many People Are Killed and Much Property is Damaged.

INDIANAPOLIS, June 25.—The most terrific storm in many years swept over Central Indiana about 9 o'clock this morning. Telegraph and telephone wires were torn down.

From information that has reached Indianapolis up to noon, it was believed that there had been heavy loss of life.

The storm spent its force in the country thirty miles east of Indianapolis between the Greenfield Electric line on the South and the Union Traction lines to Anderson on the North. Maxwell, Cleveland and Pendleton suffered most severely. A telephone message from Greenfield says that an awful storm had swept over Hancock county, taking in Wilkinson and Pendleton. It blew down houses in all these towns and from ten to eighteen people were reported killed.

Three men in the chain factory in Maxwell are reported killed. In a funeral procession at Cleveland, Ind., eighteen horses are reported killed. At Maxwell, a grain elevator was blown down as well as the chain factory.

Several people are supposed to be killed in Pendleton.

Nearly every house in Cleveland is blown down.

The roof was blown off the Hollweg-Reese factory in Greenfield.

At McCordsville, Ind., ten trees were reported blown across the track of the Union Traction Company, completely stopping traffic, and since 10:05 this morning no gas belt traction cars have reached or left Indianapolis.

At Linden, Ind., the plant of the Greer-Wilkinson Lumber Company was wrecked, its lumber house being unroofed.

A message received here shortly before noon says that several people were reported killed at McCordsville and that the traction cars were tied up between McCordsville and Anderson by trees blowing across the tracks.

INDIANAPOLIS, June 25.—A special to the News from Greenfield, Ind., says:

A terrific storm swept over Hancock county this morning, taking in Maxwell Wilkinson and Pendleton. It blew down houses all over these towns and eighteen people were reported killed. In a funeral procession at Cleveland, Ind., eighteen horses are reported killed. Several people are supposed to be killed at Pendleton. Nearly every house in Cleveland was blown down. A. V. Sample of this city is reported fatally injured. All the physicians in Greenfield went to the stricken towns. Greenfield is on the Pennsylvania road, twenty miles east of Indianapolis.

BIDDERS AWARDED COUNTY CONTRACTS

The County Supervisors met this morning and completed the work of awarding contracts for the supplies of the county jail, hospital and infirmary.

A feature of the bids was that of the Industrial Blind Home, which secured the priviledge of furnishing the county with brooms under the head of groceries.

All bids for supplying the County with drugs were rejected, owing to the indefinite character of the bids submitted. Bids will be re-advertised for in the drug line.

The following is a complete list of the successful bidders:

Coal and fuel—Harry G. Williams, Charles R. Allen and Tesla Coal Company; James P. Taylor.

Fruit and vegetables—Joseph Herrscher, F. Borsi.

Meats—E. A. Young.

Fish—Joseph Bordonaro & Company.

Stationery—E. P. Taylor, J. F. Taggart, I. Tobriner, Charles G. Hardy.

Dry goods and clothing—E. Salinger, Joseph Herrscher.

Groceries—Joseph Herrscher, M. Henas, Monarch Coffee and Spice Mills, C. Hadlin & Sons, Industrial Blind Home—J. A. Hill, Buswell Paint Company.

SUPERINTENDENT OTT IS DEFIED.

Oakland Transit Company Ignores His Orders About Track Laying.

At a meeting of the Board of Public Works this morning it developed that the Oakland Transit Company is ignoring the orders of Superintendent of Streets Ott requiring the company to comply with the law in reference to relaying their track on Oakland avenue.

The franchise requires the track to be laid as near the center of the street as possible, and this the residents in that vicinity claim the Transit Company is not doing, and they have petitioned the Street Superintendent to have it done.

When the franchise was granted some time ago the Transit Company constructed a cable track, and in order to make the curves on the avenue, the track was run close up to the sidewalk, in some places being only two feet from the curb. Under the law this was allowable as the cable could not be made to take a smaller curve.

But now electric cars are to be run on Oakland avenue, and the old cable track has been torn up and electric tracks are being laid down on the same foundation, and the property owners object.

City Attorney Johnson instructed Superintendent Ott to notify the Transit Company, which he did, but he has received no reply and work on the road still continues.

At the meeting of the Board today it was decided to notify the company again, and then if no notice was taken, Superintendent Ott will have the power to call upon the Chief of Police to have the work stopped.

NO RIGHT TO MAKE SEIZURE.

W. S. HARLOW QUOTES THE LAW IN REGARD TO INSTALLMENTS.

EDITOR TRIBUNE: Peddlers and others who sell rugs, rockers, sewing machines and other goods on the installment plan are doing quite an extensive [illegible] of Alameda county. Generally they meet with good success in their collections, but now and then they fail to get the payments as they become due. In most of such latter instances more time is given. But the money is not always forthcoming. The head of the family is out of employment, and food and other necessaries must be procured, though the collector waits for his installment. Sometimes he is not willing to wait and threatens to seize the article sold and not wholly paid for. Then trouble commences. The law in such cases is laid down in a Texas Supreme Court decision in the case of Culver vs. State, 62 Southwestern Reporter, page 922, as follows:

"Appellant was convicted of an aggravated assault, and his punishment assessed at a fine of $25. It appears from the evidence that the difficulty arose on account of the seizure of two rugs. On the trial appellant introduced in evidence a mortgage on two rugs which he had sold to prosecutrix, Mrs. K. S. Shannon. Said mortgage contained the power in favor of the appellant to take possession of and sell said rugs on default in the payment of the purchase money and interest thereon. Appellant contends that the court should have given several special instructions asked by him. We have examined them, and each appears to be predicated on the idea that if appellant went to the home of prosecutrix, Mrs. Shannon, and entered her private room, and, without her consent then given, but relying on the clause of his mortgage authorizing a seizure of the goods, then took possession of the two rugs and with them started to make his exit from the room, and she interfered and stood in the doorway, and forbade him to leave with her rugs, and he then took hold of her and pushed or pulled her out of the doorway, and so made his departure with the rugs, this would not constitute an assault. Appellant insists that his proof showed this phase of the case, and that his defense should have been given as embodied in the requested charges. We do not believe this contention is sound. Concede the mortgage gave full authority to appellant on default in the payment by the prosecutrix for the rugs, to take peaceable possession of the same; still he had no right to go to the home of prosecutrix, and enter the same, and take possession of the goods, against her consent. The evidence showing that there was a controversy as to the balance due, which she insisted was only 50 cents, while he insisted that there was $1 due. Nor do we agree that he was in possession of the rugs, by merely taking manual possession of the same in the room without her consent. The room was her home, and it and all therein were in her possession, and she had a right to prevent appellant or any one else from taking the goods that were in her possession in said room from the same without her consent; and appellant had no right to forcibly eject her from the door and so make his departure with her goods. In thus holding, we are not nullifying appellant's rights under the contract. This, as we understand it, only gave him authority to take possession with her consent. If she improperly withheld this consent, the courts were open to him. At any rate, he was not in possession of her rugs while they were in her room; and, although he may have taken hold of them, his possession was not complete as long as she refused to allow him to take possession of the same and depart from the room with the goods. The law of contracts gave him no such right as was set up in this defense, and the court did not err in refusing the special charges. There being no error in the record, the judgment is affirmed."

THE DREW ESTATE.

DID HE SHOOT AT HIS WIFE?

Police Suspect William Viers of Attempting to Commit Murder.

The police officials are conducting a quiet investigation to discovere the origin of a mysterious pistol shot fired early Monday morning in the home of William, alias "Fatty" Viers, at Second and Madison streets.

Viers is in prison with his name on the detinue book pending the investigation.

Early last Monday morning, the neighborhood of Second and Madison streets was startled by the sound of a pistol shot, which was discharged in the hands of Viers, who claimed that it was an accident. But a little girl, whose name the police refuse to divulge, says she saw Viers point the pistol at his wife and pull the trigger.

Both Mr. and Mrs. Viers deny the statement of the little girl, but the police have made discoveries that warrant the holding of Viers pending further investigation.

Some time ago Viers and a man named Marsh were arrested and tried for assaulting a young girl named Lizzie James. Viers and one of two others implicated in the assault were discharged, but Marsh was convicted and is now serving a sentence in the penitentiary.

A short time ago Viers married his present wife, who is reputed to have a considerable fortune, but before his marriage Viers was a familiar figure about the Police Courts.

It has developed that Mrs. Viers has disposed of her fortune in such a way that it will revert to her husband upon her death, and the authorities are working on that basis.

All of the demands and requisitions against the several departments were approved and allowed.

TOPEKA, Kas., June 25.—Many of the old-time Populists are in rebellion this morning over what they term the surrender of the People's Party to the Democracy at the State Convention last night. Among the leaders of the insurgents are Babb and Tapp, of Sedgwick; Hoffman, of Dickinson, and Betts, of Butler. These men left the floor of the convention after the "band wagon" had been run over them and refused to take further participation in the proceedings.

MEN TEACHERS ARE AT A PREMIUM AT UNIVERSITY

They Are Wanted in Secondary Schools in the State.

Notes of Interest Gathered in the College Town.

BERKELEY, June 25.—Consternation has been caused in the State University by the discovery that the supply of men teachers for secondary schools is far and away below the demand. The number of men seeking High School certificates has each year been growing less and less. This year with the largest class ever graduated from the University, the number of men teachers is the lowest in the history of the institution. Meanwhile the secondary schools are constantly sending to the University for men teachers, and no men teachers are to be had.

In all 117 High School certificates were granted to members of the last graduating class; of these but 20 were granted to men, the other male members of the class not having taken the required amount of pedagogy. Of the 20 male members of the class, who are qualified to teach in the secondary schools of the State, a large number have accepted positions other than teaching.

The largest demand is for science teachers, particularly in the physics department. Here, strange to say, the supply is the most limited. At the present time only one man qualified to teach physics is without a position. That person is R. R. Service, and upon his return from the East, where he has been with the track team, he will have his choice of at least six positions.

Other students who have specialized in physics have secured positions, with salaries ranging from $1,000 to $1,500 per year. Fred Laist has accepted a position in the University of Utah; W. A. Sheldon has been elected principal of the Azusa High School; George Sheldon will teach in the Anaheim High School; Rufus Balaam has been made vice-principal of Lompoc High School; John Marks Brewer has secured an especially desirable position in the Wilmerding school of San Francisco; Wallace Minium will teach in Petaluma.

While teachers in lines other than the sciences are not in so great demand, yet here the preference for men teachers is expressed. Thus far at the State University the women have been forced to wait, while the men students took their pick of the positions offered.

One reason for the difficulty experienced in getting men teachers is to be found in their many openings.

Many students are offered lucrative positions months before their graduation. The large number of men who have left to accept positions in the schools of the Philippines and Japan have also served to produce this effect in the teaching market.

SUMMER SCHOOL TO OPEN ITS SESSIONS TOMORROW.

BERKELEY, June 25.—At a late hour yesterday afternoon 550 applications for admission into the summer session of the State University had been received, and other applications were pouring in with an increased rapidity. When compared with last year's figures it would seem that at least 200 more students will register tomorrow than did at last summer's session.

The students are coming from all over the Pacific slope. The applications would indicate that every State west of the Rockies will be represented by a comparatively large delegation. Kansas, Nebraska and Arkansas will represent the Middle West. A few students from the institutions of the far East will also enroll in the school.

Registration for courses will begin at nine o'clock in the Recorder's office, Smith Hall. A registration fee of ten dollars is charged, which amount goes to defray the expenses of the school.

The summer school this year is more elaborate than has ever heretofore been attempted by any institution excepting Harvard. Instructors have been brought from all over the United States, and courses in twenty-two different subjects are offered to the students. The visiting instructors are: Josiah Royce, head of the Philosophy Department of Harvard University; Bernard Eduard Fernow, Director of the New York State College of Forestry, and Professor of Forestry in Cornell University; Henry Morse Stephens, formerly Professor of History in Cornell, but now of California; F. Louis Soldan, Superintendent of Instruction of the Public Schools of St. Louis; William Arnold Henry, Dean of the College of Agriculture in the University of Wisconsin; James Mark Baldwin, Professor of Psychology in Princeton University; Robert Almer Harper, Professor of Botany in the University of Wisconsin; Arthur Lachman, Professor of Chemistry in the University of Oregon; Fred Newton Scott, Professor of Rhetoric in the University of Michigan; Charles Sears Baldwin, Professor of Rhetoric in Yale University; Ernest George Merritt, Professor of Physics in Cornell University; Francis Melbourne Greene of San Francisco; W. R. Thomas, of Denver, Colorado.

Professor L. J. Richardson will be dean of the summer school. President Wheeler is expected to be in Berkeley during the greater part of its session.

UNIVERSITY MAN RESENTS CHARGES.

BERKELEY, June 25.—The University authorities are incensed at the charges and insinuations made against them in regard to the proposed improvement of Barrows street. Secretary McKowan in an interview today expressed himself freely on the subject, and intimated that the improvement was undertaken in the first place only to give some contractor a fat job. The street is an out of the way one, and has only three residences upon it. Of these two have joined with the Board of Regents of the State University in protesting against macadamizing the street.

Meanwhile the town authorities charge the University with holding up municipal improvements for selfish purposes. However, as the Board of Trustees can do nothing if the University refuses to pay its share, it seems that the latter occupies the stronger position.

SHOT FOR SLEEPING IN HAYSTACK.

BERKELEY, June 25.—Robert Van Sant and William Cavalier, two well-known young men of this city, were shot the other night by a Lafayette farmer for sleeping in his haystack. Sant and Cavalier were on their way to Mount Diablo and had stopped to rest themselves. The owner of the stack at first made no objection to their sleeping on his hay, but later shot at both of them on their refusing to get out.

Cavalier's coat was riddled with shot and a great number of the missiles lodged in Van Sant's anatomy. The boys have decided not to prosecute their assailant.

JOINT INSTALLATION OF OFFICERS AT BERKELEY.

BERKELEY, June 25.—Next Tuesday evening Cerrito Circle No. 458, Women of Woodcraft, and Cerrito Camp, Woodmen of the World, will hold a joint installation of officers in Sisterna Hall.

Prior to the installation a grand parade will be held. Immediately after the ceremonies have been completed a banquet will be served in Taylor's Hall. Camps Wedgewood and Peralta will assist in the installation.

ELOCUTION COURSES AT THE STATE UNIVERSITY.

BERKELEY, June 25.—With the opening of the regular college session in August next the University will offer to its student courses in elocution. The classes will be under the charge of James A. Winans, who has been given the title of Assistant Professor of Public Speaking. Three courses will be offered, the title of the first course being "The Delivery of Speeches," of the second "The History of Oratory," with especial reference to British and American oratory, and the third will be a teachers' course.

California will be the only institution west of Chicago offering such instruction.

PROFESSOR STEPHENS ARRIVES IN COLLEGE TOWN.

BERKELEY, June 25.—Professor Henry Morse Stephens arrived in Berkeley last night. He will occupy Professor Bacon's residence in Bushnell Place during the session of the summer school.

EASTERN TRIP COST THE BOYS $3,750.

BERKELEY, June 25.—A preliminary statement of the finances of the Eastern trip of the University track team, places the total expense at $3,750. Of this amount $2,000 was raised by the student body, $850 was contributed by Alumni of the University, and $300 was given by the business men of San Francisco, Oakland and Berkeley. At Chicago, California's share of the gate receipts was $300. The receipts from the other meets were large enough to assure an amount amply sufficient to meet all expenses.

Upon his return from his honeymoon Manager Decoto will file a detailed statement of the trip's finances.

FAIRYLAND

In fairyland everything is possible. There are wonderful jewels and stores of silver and gold to reward virtue and valor. There are, too, magical herbs which heal the sorest wounds and cure the deadliest diseases. How many a woman looks back with a sigh to the childish days she spent in fairyland before she ate the fruit of the tree of knowledge and was driven out by the cold sharp sword of fact into a world of suffering and disease.

Yet while there are no magical herbs in this everyday world, which cure all diseases, there is a cure for womanly diseases which hardly ever fails. Dr. Pierce's Favorite Prescription will in ninety-eight cases out of every hundred perfectly and permanently cure diseases which are peculiarly womanly. Tens of thousands of women testify to the truth of this statement.

"I suffered for five years with inflammation which caused violent pain and often torture so bad at times that I could not be about to attend to my daily duties," writes Mrs. Julius C. Bell, Bathroad, Kingston, Ont. "Life was simply misery to me and I did not know which way to turn for relief. Had tried doctors but found they did not help me. My druggist advised me to try Dr. Pierce's Favorite Prescription. I decided to give it a trial and I am happy to say that after the use of the first bottle I felt so much improved I decided to take another and after that a third bottle. I am to-day a well woman, I have perfect health, thanks to your medicine."

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It cures headache, backache, nervousness, sleeplessness and other consequences of womanly disease. "Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

ASK FOR IT *and we will send you FREE (on receipt of twenty-one one-cent stamps to pay expense of mailing ONLY) a copy of Dr. Pierce's Common Sense Medical Adviser, one thousand and eight pages in paper covers. If you prefer cloth binding send thirty-one stamps.*

THE SWEAT-BOX.

quently the newspapers contain ements of police authorities placing persons accused of crime in the "sweat-box." What the "sweat-box" is is never described and the public generally is left in ignorance of what the peculiar institution consisted of. People often wonder why prisoners are so ready to confess their misdeeds after a sojourn in the "sweat-x." Conjecture has run riot as to why should have so persuasive an effect. The character of the 'sweat-x" is disclosed in a decision recently rendered by Judge Calhoun of the Supreme Court of Mississippi. A young n was convicted on the strength of confession" voluntarily made after sojourn in the "sweat-box." Judge on delivers himself in regard to the evil of securing confessions in ong language:

of Police testified that the e to be a 'free and voluntary confession. The circumstances he made it were these: was what was known as a eat-box' in the place of confinement. This was an apartment about ve or six feet one way and about ght feet another. It was kept entirely dark. For fear that some stray ray of light or breath of air might enter without special invitation, the small cracks were carefully blanketed. The prisoner was allowed no communication whatever with human beings. Occasionally the officer who had him put there would appear and interrogate him about the crime charged against him. To the credit of our advanced civilization and humanity, it must be said that neither the thumb-screw nor the wooden boot was used to extort a confession. The efficacy of the 'sweat-box' was the sole reliance.

"This, with the hot weather of summer, and the fact that the prisoner was not provided with sole-leather lungs, finally, after 'several days' of absolute denial, accomplished the purpose of eliciting a 'free and voluntary' confession. The officer says, 'We put them in there (the sweat-box) when they don't tell me what I think they ought to.' Defendant, unless demented, understood that the statement wanted was confession, and that this meant release from this 'black hole of Calcutta.'

"Such proceedings as this record discloses cannot be too strongly denounced. They violate every principle of law, reason, humanity, and personal right. They restore the barbarity of ancient and mediaeval methods. They obstruct, instead of advance, the proper ascertainment of truth. It is far from the duty of an officer to extort confession by punishment. On the contrary, he should warn his prisoner that every statement he may choose to make may be used against him on his trial.

"Reversed and remanded."

Commenting on this, the New York Sun sarcastically observes that the people who are so shocked about administering the water cure in the Philippines might profitably direct their indignation against the "sweat-box" in the United States.

NOT A SERIOUS CONVULSION.

The fact that the Fremont, Nebras-a, Tribune has bolted the plank in the epublican platform of that State hich endorses President Roosevelt's titude regarding reciprocity with uba, should not unduly exalt the iends of beet sugar; it will scarcely ve their President uneasiness. Perhaps we are mistaken, but we seriously doubt if any great number of people are interested in what the Fremont Tribune may say or think.

It is published in a district where sugar beets are grown, and it is naturally loyal to the interests of its constituency. The Nebraska Senators, as did the California Senators, opposed the Cuban Reciprocity bill. The President favored it. The editor of the Fremont Tribune stands by the action of the Nebraska Senators in this matter, but that does not imply that he is either a mighty man of Cath or that he is going to split the Republican party in twain. THE OAKLAND TRIBUNE cordially endorses the action of the California Senators in opposing the Cuban Reciprocity bill, but it has not felt it necessary to issue a proclamation that it bolts the President on the question of sugar. This journal differs with the President on more than one proposition, but on the whole it warmly approves his policy. As far as we are able to judge from its turgid declaration that is precisely the position of the Fremont Tribune. It is the position of dozens of other papers of far greater circulation and influence than the Fremont paper. Why, then, should this rural Nebraska sheet be supposed to be splitting the Republican party wide open? Because its editor has taken himself too seriously is no reason why the world at large should take him at his own valuation. It appears to be a case of the fly on the wheel that labored under the delusion that it made the wheel go round. The Fremont editor seems to be on a par with the locofoco editor in Colusa who undertook to tell Congress what should be done about the improvement of Oakland Harbor.

William K. Vanderbilt could turn down his eldest son to give the young-a hundred million dollars, but he did not leave the latter the brains the application to win a diploma at . The rejected elder brother got though he failed to get an of his father's vast for-fense was marrying ...ther's wishes.

WOODEN NUTMEG REFORM.

The voters of Connecticut rejected the new constitution by a decisive majority. It was not repudiated because the present constitution is a better organic law, but because the new constitution perpetuates the evils it was intended to rectify. The voters were convinced that it was a fraudulent pretense of reform and they would have none of it. In some respects it is better than the old Constitution, but it was so gross a cheat that it went down in a cloud of just condemnation. The people decided that they would not accept any new organic law that does not really abate the evil of minority representation. That is what the convention which framed the constitution just voted down was called to do but it tempered the abuse slightly and perpetuated it.

The present Constitution was adopted in 1818 and apportioned representations in the Legislature by towns regardless of population at the present day. The town of Union, with a population of 528, sent two representatives to the Legislature and the city of Hartford, with 80,000 inhabitants, also sends two. The town of Hampden, with ten times the population of Union, sends only one representative. It is in the power of one eighth the population of the State to elect a majority of the Legislature.

The recent constitutional convention was controlled by the small towns. It was composed of one delegate from each of the 168 towns into which Connecticut is divided. Thus the town of Marlborough, with 322 inhabitants, and the city of New Haven, with 108,000 inhabitants, had each one representative.

The new constitution provided for the following apportionment: Each town having a population of less than 2,000 shall be entitled to one representative. Each town having a population of 2,000 and less than 50,000 shall be entitled to two representatives. Each town having a population of 50,000 and less than 100,000 shall be entitled to three representatives. Each town having a population of 100,000 or more shall be entitled to four representatives and to one additional representative for each 50,000 of population in excess of 100,000.

The principal objection to this scheme was that it permitted one-fifth the voters of the State representing the poorest and least progressive communities in the State to dominate the Legislature. The fourteen cities containing the great bulk of the wealth and population were placed at the mercy of shabby little rural constituencies, controlled by narrow prejudices and petty parochial considerations.

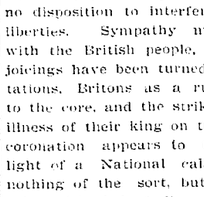

Throughout the United States the deepest sympathy is felt for the King of England and for the British nation. While Americans do not favor monarchial institutions, they have only friendly feelings for the English people. Repugnance to the institution of royalty has not made Americans blind to the fact that the British monarch is personally an amiable, liberal-minded and well-meaning man, who wished his subjects well and had no disposition to interfere with their liberties. Sympathy must be felt with the British people, for their rejoicings have been turned into lamentations. Britons as a rule are loyal to the core, and the striking down by illness of their king on the eve of his coronation appears to them in the light of a National calamity. It is nothing of the sort, but we sympathize with their feelings nevertheless.

Digging soft coal is evidently no soft snap. According to the statement recently issued by the miners the average earnings for ten hours work underground is $1.42 per day. After paying rent for the company shacks called by courtesy cottages and trading at the company store, what is left is an infinitessimal quantity. The conditions of life in the coal mining regions of the East appear to be hard, indeed, and it is not surprising that the men rise in revolt against a system which seems to condemn them to hopeless toil and the direst poverty.

Without exhibiting levity on a very solemn occasion, one can express sympathy with Whitelaw Reid over the disappointment he must suffer in being deprived of an opportunity to sport his new plush knee-breeches. Even the pleasure of showing them off at a fancy dress ball is denied him, for etiquette forbids such frivolities in times like these. Perhaps the next best thing Mr. Reid can do is to come home and dance in his court regalia at the French cooks' ball.

WILL NOT APPEAR BEFORE THE JUDGE.

The divorce suit instituted by Isabel Pereira Soares of Castro Valley against Joseph Soares on the ground of cruelty and habitual intemperance was dismissed this morning by a stipulation between the attorneys for both parties. They were married in 1873 and have eleven children.

Mrs. H. E. Cooke was the hostess yesterday at an informal little luncheon given at her home on Linden street. The affair was complimentary to Miss Leonore Center, and was a birthday luncheon, with the usual interesting features, birthday cake and all. The table was prettily decorated in yellow and white, gorgeous California poppies brightening the table. An especially pretty feature was the serving of the ices in molds, each symbolizing a white lily. After the luncheon a novel guessing game was enjoyed. Mrs. Cooke's guests included Mrs. Hugh Morrison, Mrs. Center, Miss Leonore Center, Mrs. Frank Cooke Miss Juliet Cooke. Miss Mary Alexander. Mrs. William Gardiner Cooke and the hostess and her daughter, Miss Grace Cooke.

FABIOLA LADIES.

The Fabiola booth at the Elks' Fair netted the ladies $500. This large sum was due to the splendid work of popular Mrs. Barton, who was chairman of the committee. Mrs. Barton worked night and day for the success of the booth. She surrounded herself with capable assistants.

OAKLANDER'S SUCCESS AS SUGAR PLANTER

W. J. LOWRIE WILL MANAGE IMMENSE PLANTATIONS IN PORTO RICO.

The Honolulu Commercial Advertiser of June 10 has the following regarding W. J. Lowrie, well-known to many old-time Oaklanders:

Among the many passengers departing today in the Alameda will be the members of the family of W. J. Lowrie, the former manager of the Spreckelsville plantation on Maui. Besides Mrs. Lowrie and Miss Clara Lowrie, the father and mother of Mrs. Lowrie, and the young wife and infant of Walter A. Lowrie will also be in the party. Mr. Lowrie is now in Porto Rico, where he is to manage a sugar plantation at a salary of $20,000 a year.

All are leaving never expecting to return to Hawaii. Mr. Lowrie came to Honolulu twenty-three years ago when the sugar industry was practically in its infancy. He devoted himself to the development of plantations and in a few years he mastered every detail of the business. He was one of the first to see the great possibilities which lay hidden in the sun-baked, boulder-strewn earth which is now the great Ewa plantation. He was its first manager. He went there fifteen years ago with men and mules and saw the first earth broken for the plantation which now has the largest yield in the Islands. He put into the work all his strength and ability. His belief in it never failed, and when the skies were darkest he was hopeful, and was rewarded in later years by seeing Ewa take rank as the finest and most promising plantation in Hawaii. In doing this he not only made a fortune for himself but for many others who stood shoulder to shoulder with him.

Mr. Lowrie had fully expected to spend his remaining years in Honolulu and was planning to build a beautiful home here at some future day. But his fame as a sugar producer had gone across the seas and tempting offers were made to induce him to go to Porto Rico. He went there three months ago. Mr. Lowrie is connected with captalists of Boston and New York, who are maturing schemes for sugar development in Porto Rico on a large scale. It is believed that a number of sugar boilers from various Hawaiian planters will depart for Porto Rico, many of them being desirous of serving under their old manager. The aloha nui of the community follows Mr. Lowrie and his family to their new home.

OAKLAND FREE FROM CONTACION

THIS CITY IS IN A REMARKABLY HEALTHY CONDITION.

Oakland, at the present time, contains fewer cases of contagious diseases than at any one time for over a year. Statistics on file at the Health Office show that at present there is but one case of diphtheria in the city and three cases of scarlet fever. There is not a single case of smallpox on record, the last having been disposed of some time ago.

In speaking on the subject today, Secretary of the Board of Health Daniel W. Doody said:

"This is the first time since I have been connected with the Board of Health that such a small number of contagious diseases are placarded. There is but one case of diphtheria and three mild cases of scarlet fever and the past month has been unusually free from smallpox.

"Besides that," continued Mr. Doody, "our city is exceptionally clean from a sanitary standpoint, and our death record compares most favorably with that of other cities of her size."

ELKS' CARNIVAL MARCH IS SELLING RAPIDLY.

"The Elks' Carnival March," which was so popular a number on the daily musical program at the recent Carnival, has become a favorite with lovers of music in this vicinity and the author, Mr. Jos. L. Callaghan, has been induced to place it on sale in all the music stores of this city. The march is considered not only a "taking" piece of music, but has much merit when considered from the standpoint of melodic work of a thoughtful and elevated character.

BERKELEY, June 25.—Mrs. Hearst has ordered that nothing but American steel shall be used in the mining building now in process of erection at the State University. It was the intention of the contractors, Mahoney Brothers, of San Francisco, to use steel imported from Belgium, but Mrs. Hearst's attitude has caused a change in their plans.

ST. GEORGE SONS HOLD BANQUET

HON. DIGBY JOHNSTONE SPEAKS ABOUT ILLNESS OF THE KING.

The Sons of St. George held a banquet in Gier's Hall last night. The affair was largely attended and an excellent program was carried out. During the evening Hon. Digby Johnstone, formerly a member of Parliament, made an address, during which he said:

"I am conscious that it is probable that before tomorrow morning dawns King Edward may have ceased to live. Only sixteen months have passed since we mourned the death of his beloved mother —a woman who had endeared herself as Queen and mother to all her subjects scattered over the wide world. Her son had no easy task before him when he was called to fill her place at the head of the greatest empire. But he has done so in a way to show that he was worthy of such a mother and worthy of such an empire. By his tact, by his generosity, by his large-heartedness, by his earnest desire for everything that tended to the prosperity and happiness of his people he has already won the hearts of millions of his people scattered over the face of the earth.

"I feel what I will not attempt to describe, the feelings under which we received the sad news today. It is the most appalling event that could have been conceived of by any one. Never was London anticipating so bright and brilliant a pageant as it was during the last few weeks in anticipation of the coronation of the King. Never were so many princes and potentates gathered together to do honor to one man. London is full of people who yesterday were joyously anticipating the pageantry of Thursday next, and it is full tonight of sorrowing and weeping men and women.

"If it please God to restore him we will all join in gratitude, but if he is, during the hours of this night, to pass away, we will pray that through the valley of the shadow of death the presence of the Good Shepherd may be with him and that if he is not to be crowned here he may be crowned in the world to come."

FINE ACTING NIGHTLY AT DEWEY THEATER.

The excellence of the performance of "The Bells" which is given every night at the Dewey Theatre, is a source of gratification to the patrons of the place because the house is crowded nightly and the auditors are stirred to the utmost as the engrossing story is unfolded. The play has been staged in a most expensive manner, and this fact, added to the excellence of the acting, leaves nothing to be desired on the part of the auditors.

OAKLAND SINGERS WIN AT SAN JOSE

TURNER VOCAL SECTION AGAIN LEADS AT THE LATE STATE BEZIRK.

The Singing Section of the Oakland Turn Verein has again won first prize in a competitive concert with similar singing sections from all parts of the State.

The prize was won Sunday last in San Jose, where the California Turnbezirk was meeting. Interspersed between the athletic features was the singing of glees, and Oakland won, the first prize being a silver loving-cup now on exhibition at Rehor's on Washington street.

In four similar competitions, the Oakland Turn Verein Singing Section has won second place once, and first place three times. It is under the direction of Professor Albrecht, and comprises the following members: Messrs. Stoll, Handle and Claudius, first tenors; Lenz, Rehor, Sonderleiter and Handle, second tenors; Kleinenbrich, Loeffler, Korn Kraft and von Birkenfeld, first bass; Otnat, Pflug, Veterle, Desloh and Feldman, second bass.

The judges were Prof. King of San Jose Conservatory of Music; Professor Schemmel of the State Normal School; Professor H. Dykmans, and Misses Mary and W. M. Webster, all of San Jose.

TALCOTT HAS MANY FRIENDS

THEY WILL FORM A CLUB TO BOOM HIM IN TOWN OF HAYWARDS.

HAYWARDS, June 25.—At a recent meeting held in the town hall the J. R. Talcott Club of Eden township was organized with a membership list of more than a hundred. The permanent organization of the club however, will not be effected until the next meeting which will take place on July 7th at the town hall in Haywards. The first meeting was attended by a large and enthusiastic crowd of residents from all sections of Eden township. H. E. Brunner was appointed temporary chairman, while E. K. Strowbridge was selected to serve as temporary secretary. It is probable that these officers will be elected regularly at the next meeting of the club. The committee on enrollment includes the following members: Dr. Browning, I. B. Parsons and E. K. Strowbridge.

The committee on permanent organization and by-laws consists of the following: I. B. Parsons, Castro Valley; Charles Prowse, Haywards; E. O. Webb, San Lorenzo; A. B. Cary, San Leandro; E. R. Jensen, Palomares; E. H. Clawiter, Mt. Eden.

This committee will report at the next meeting and will have arranged all details for the permanent organization of the club with the necessary by-laws which are now being prepared.

There is every indication of a big victory in Eden township for Mr. Talcott. With the completion of the new watering system in Castro Valley, which was done under the supervision of Mr. Talcott, he has gained hundreds of friends in this district.

SOCIAL CLUB DANCE.

The first of a series of dances to be given by the Young Men's Social Club will take place next Friday night. The dance will be given in the gymnasium and will be one of the most interesting social events of the season. Following this event three other dances will be given by the club on the following dates: July 18th, August 15th and on the eve of Admission Day.

The affairs will be strictly invitational.

SAN LEANDRO SLOW.

The managers of the Haywards, Newark and Alvarado baseball teams who are attempting to organize a league for this section have failed to hear from the San Leandro end. The league can be effected if a team will organize in San Leandro. It was hoped that some enterprising man in San Leandro would organize a team at once and join the league. So far that man has not come to light and the three managers are of the opinion that they will not be able to count on securing assistance from that source.

ELECTED DELEGATES.

A large attendance is expected, as the new club is rapidly growing in membership and public favor. Other speakers will be present during the evening, but the principal address will be delivered by Mr. Pearson.

W. H. Langdon, principal of the Union School of this place, in a recent communication to the clerk of the Board of School Trustees, stated that every member of the eighth grade had successfully passed their examinations and would be promoted to the High School. SOME FINE CHERRIES.

Editor D. McCarthy of this place had on exhibition at the Elks' Fair a box of cherries that were record breakers. The box contained the largest cherries that have been grown in this district for years. They were of the black tartarian variety and ran eight to the row. DEATH SUMMONS ARTHUR RODGERS

The death of Arthur Rodgers, eminent as a lawyer and noted as a public spirited citizen, which occurred at Auburn yesterday, has long been expected. His constitution, never strong, broke down two years ago under the strain of continuous activities, and he went East in search of health. He had partial recuperations, but they were only temporary and were always succeeded by further decline.

Arthur Rodgers has been a Regent of the State University, of which he was a graduate, ever since 1883. He was loyally devoted to his alma mater and left no stone unturned to promote its welfare. He gained his first reputation at the bar in the suits to make San Francisco pay the losses occasioned by the Kearney riots. Ever since Mr. Rodgers has ranked among the foremost attorneys of the State. For some years he has been senior member of Rodgers, Paterson & Slack.

Arthur Rodgers was born in Tennessee in 1848 and came to California with his parents when a boy. From the time of his graduation in 1872 till recently he has practiced law in San Francisco. His wife was the widow of the millionaire Alexander Montgomery. She survives him. He also leaves one child, a daughter, 5 years of age. The remains were taken to San Francisco for interment.

RELIANCE MEN WILL PLAY THE HALE BOYS.

Next Sunday there will be a rattling game of base ball between the Railroad Men's Base Ball Nine of San Francisco and the nine of ball experts employed by Hale Brothers.

It will take place at Golden Gate park on this side of the bay. It will be witnessed by a crowd of people from this city and San Francisco.

The railroad men's nine has secured the right to use the Golden Gate grounds every Sunday after the professional game closes, and begins to play at 12:30 o'clock p. m. Next Sunday's game will be a fine affair.

HOFFMAN'S IDEAS.

At the meeting of the Merchants' Exchange last night Director Hoffman made a staotement that he would like a chance to vote on water bonds.

SUMMER FROLIC.
Get Ready Now.

Give the brain and body food during the summer that does not overtax the stomach and heat the body.

Grape-Nuts is a crisp, dainty and delicious food, selected parts of the grain treated by heat moisture and time to slowly and perfectly develop the diastase from the grain and transform the starch into grape sugar in the most perfect manner; the small particles of phosphate of potash found in certain parts of the cereals are retained and these elements vitalize and nourish the body, brain and nerve centers.

In its predigested form, it furnishes the necessary strength and energy in an easy way for the system to absorb without undue exertion and removes the general feeling of heaviness usual to hot weather.

Grape-Nuts and cream, a little fruit and possibly an egg or two cooked to suit the taste, is an ideal breakfast and will fully sustain the body until the noonday meal. Delicious desserts for luncheon and supper can be quickly made and have a flavor all their own from the peculiar, mild but satisfying sweet of the grape sugar.

Grape-Nuts will save the heat of cooking and the exertion of preparing food; will make you feel internally ten degrees cooler and fit you for the summer's heat so that you may enjoy the full pleasures of the season.

LIVERMORE'S ELECTRIC LIGHT

HIGH WIND BLOWS DOWN A BRICK FACTORY AT TESLA.

LIVERMORE, June 25.—The power from the Standard Electric Company's system was turned into the wires of the Livermore Water and Power Company last Saturday evening, and the town was lighted with electricity generated 115 miles away. The power is generated at the Blue Lakes in Amador county, where an immense electric plant is driven by water. At the present time this plant is developing a current of 45,000 volts, which is conducted from the power house at Blue Lakes to San Francisco through aluminum cables, lighting the streets of a dozen towns en route. H. F. Blackford is temporarily in charge of the substation here, while Ben Budworth has charge of the switch board at the central station.

BLOWN DOWN AT TESLA.

News comes from Tesla that a two-story brick building 200x50 feet was blown over by a whirlwind yesterday and several men had a narrow escape with their lives. The building was almost finished and was destined to serve as a large machinery shop for our extensive plant just acquired by the Pottery Clay Company.

GOING TO YOSEMITE.

Mr. and Mrs. George Furbush left today for Yosemite Valley, where they will meet Mr. and Mrs. C. L. Crellin. Miss Grace Wells and Miss Maggie McKee, who left for the camping grounds last week. Besides the above-named ladies and gentlemen from Livermore, the party will include some well-known residents of Benicia. Al Leal accompanied the party as cook and, according to his statement, the members of the party will have no reason to complain of the culinary side of their outing.

MENDENHALL SPRINGS.

Mendenhall Springs is beginning to be crowded. Among the latest arrivals are Mr. and Mrs. J. N. Block, Misses Medora Block, Florence Block and Beth Carrick and Norbinn Block, all of San Francisco. There is also a reunion of the Mendenhall family. Mr. and Mrs. Phil Mendenhall, Will Mendenhall and Archie Mendenhall went to the springs last Saturday.

GOT HIS MONEY'S WORTH.

Mannie Rosenberg returned from his trip to Oakland and San Francisco, much to the relief of his numerous friends, who gave him up for lost. He reports a most expensive time with the Elks in Oakland, but he hastens to add that he got his money's worth.

FRUITVALE PEOPLE GO TO YOSEMITE

INTERESTING NOTES GATHERED IN THE VILLAGE ON THE EAST SIDE.

FRUITVALE, June 25.—On Monday evening a crowd of Fruitvale people left for the Yosemite Valley, where they will remain for some time. The crowd consisted of Mrs. Henry Wetherbee, Mrs. C. W. Farnham, Mrs. E. B. Sanborn, Grace and Laura Sanborn, Mrs. Samuel Martin and daughter, J. Roseborough, Dr. Louis Mead and Mr. Tompkins.

MARRIED IN OAKLAND.

Last evening Charles Keck of this place, and Miss Annie Forbes of Oakland, were united in marriage at the home of the bride's parents, on Chestnut and Third streets, Oakland. The ceremony was performed by Rev. Mowbray of Fruitvale, and was attended by a large number of friends and relatives of the young couple. Mr. and Mrs. Keck will reside in Fruitvale, after returning from a brief honeymoon trip through the South. The groom is well known in this place, where he has resided for several years. He is employed at the Union Iron Works in San Francisco.

CADETS DRILLED.

The Fruitvale Cadet Corps met Monday evening at the armory, where a very successful drill was conducted under Lieutenant Clark, who was acting officer in the absence of the Captain. Following the exercises of the evening the cadets played several exciting games of basket ball.

BOYS DAMAGE ELMHURST HOUSES

GANG IN THE COUNTRY TOWN PLAYS HAVOC WITH VACANT PLACES.

ELMHURST, June 25.—A number of residents of this place have been complaining of the actions of several boys who have recently been defacing vacant houses about town. These boys in several instances have scratched names over the front of vacant houses in such a manner as to necessitate the re-painting of the building. Fences as well as the houses have been badly mutilated by this gang. One prominent citizen has offered a reward of $50 for the arrest and conviction of the crowd or any member. A sharp lookout is also being kept by owners of vacant houses and it is thought that the gang will be captured and broken up within a short time.

FOUND HIS BUGGY.

J. Brennen of San Lorenzo, who several days ago, lost a horse and buggy while stopping at the Arlington Hotel in this place, has secured the outfit again. Brennen went into the hotel without hitching the horse and the animal strolled away.

SENT TO PRISON.

ALAMEDA, June 25.—This morning Judge Morris sentenced Carl Shattuck, a small boy, to 24 hours in the city prison for jumping on a moving train.

WM. GIBBONS BADLY BURNED.

FLAMES FLASHED INTO HIS FACE AND HE WAS NEARLY KILLED.

ALAMEDA, June 25.—William T. Gibbons, of 1307 Broadway, who is employed at the Standard Oil Works in this city, was seriously burned about the hands and face recently while attempting to light the oil burners at the Company's works. After soaking several pieces of wook with oil and placing them in the furnace he held a lighted torch in the door of the place. An explosion followed the act and a great tongue of fire belched out and completely enveloped the man. For a moment Gibbons was blinded by the flash and pain. He staggered out of the engine room and was found in an unconscious condition by his fellow workmen. Both hands were terribly burned while his mustache, eye-brows and part of his hair was burned off. His face was one solid blister and the man suffered terrible agony. He was removed to his home and a physician was summoned.

Gibbons will be scarred for life but his eyesight was fortunately not injured. The explosion was caused by gas which was generated by the heat in the furnace.

MET WITH ACCIDENT.

ALAMEDA, June 25.—Health Officer L. W. Stidham and a party of friends, who have just returned from an outing trip back of Mt. Hamilton, met with an accident which came near resulting seriously for a number of the party. While driving down a steep grade the horses became frightened and upset the vehicle and four of the occupants, Mrs. Stidham, Mrs. William Fisher, Dr. Stidham and Mrs. Crouse were thrown into a gulch twenty-five feet deep.

No one was seriously injured but all were severely shaken up. The horses became frightened at a swinging gate and before the driver could get control the animals had backed the vehicle over the embankment.

NOISY CARS.

ALAMEDA, June 25.—Another complaint has been filed with the City Clerk by a resident of High street against the noisy cars of the High street branch line. The complaining person did not sign the communication, but is very emphatic and states that the cars are "ear-splitting, nerve-destroying, ramshackle concerns, and a disgrace to a well-governed city." Cars Nos. 18 and 20 are given special mention as being noisier than the others. He further states that it is impossible to sleep while these cars are going past and that they shake the houses.

GRASS FIRES.

ALAMEDA, June 25.—Several grass fires yesterday kept the fire department busy nearly all day. A fire at the corner of Encinal avenue and Grove street was extinguished by the Corder Hose Company, while another one at the corner of Grove and Van Buren brought out the entire department the alarm having been turned in from a box. No serious damage was caused by either fire.

DEATH OF MRS. BEEGLE.

MEETS DEATH BUT SAVES A LIFE

THE SAD FATE OF A YOUNG MAN ON A RANCH AT LIVERMORE.

LIVERMORE, June 25.—John Nonaghan lost his life yesterday while attempting to save the life of John Armstrong, a fellow farm hand, on the ranch of Mrs. Mary Armstrong, a few miles from this city. He was struck on the head by the boom of a derrick and concussion of the brain ensued.

Nonaghan was loading hay on a wagon with John Armstrong by means of a derrick. As the derrick boom was swinging around, Armstrong unconsciously got in its way. Nonaghan pulled him out of the orbit of the boom but he himself received the blow which Armstrong had escaped. He was attended by Dr. Warner, but was injured beyond hope of recovery. The remains are at the Morgue in this city.

J. E. BRANIN SAYS HIS HORSE WAS NOT STOLEN.

San Lorenzo, Cal., June 24, 1902.

Editor TRIBUNE: In reading one of your copies of THE TRIBUNE tonight I find quite an article stating that my horse got away from me in Elmhurst while I was in the Arlington Hotel, and that I spent the rest of Sunday evening chasing up the horse or the thief. This article is as much a surprise to me as to any of your readers, being wholly untrue, and it absolutely must be contradicted in your next issue, or I must find some equally expeditious measure to let the public know the mistake. The person who informed your paper of the fact, was doubtlessly very much misinformed as to the identity of the drivers of the rig, if there was such a rig, but readers of your paper should not suffer a misrepresentation on account of any such carelessness on the part of your informed. Hoping to see the contradiction of the statement in your next, I am, respectfully yours,

J. E. BRANIN.

Good enough for anybody!

OAKLAND

AMATEUR NIGHT AT RELIANCE WAS SUCCESS

West Oakland Club Will Have Meeting Tuesday Evening.

Oaklands Meet the Angels on Home Grounds.

The Reliance Club gave an amateur boxing exhibition last night at the club rooms. This is the first amateur night given by the club for several years, and a large crowd witnessed the six four-round goes.

The first contest was between Billy McDonald of San Francisco and James Gavin of the Reliance Club. It proved to be of short duration, McDonald being much the stronger, putting his opponent out in the first round.

The next bout scheduled was between Joe Carroll of San Francisco and Charles Weber, unattached, who lasted three rounds.

In the next event, George Ellis of the Hayes Valley Club put Jack Cardell of San Francisco to sleep in the third.

The fourth go was between Jimmy Kenny of the Keystone Club and Billy Smith. This was a fierce contest and the only one that lasted the limit. The judges decided that Smith was the winner.

The next go lasted one round, John Moriarity of the Hayes Valley Club defeating Dick Hyland of San Francisco.

The last and main attraction of the evening was between George Peterson of the Olympic Club and James Ryan of San Francisco. Peterson made a couple of passes that seemed to hypnotize Ryan and he went down and out in the first round.

Jack Williamson refereed the first three bouts and Eddie Smith the last three.

M'FADDEN MEETS CANS FRIDAY NIGHT

THE COLORED CHAMPION SURE OF WINNING AT THE NEXT FIGHT.

Joe Gans will wallop no one from now until Friday night, when G. "Elbows" McFadden will do his best to cop the championship at the Hayes Valley Athletic Club. Al Herford thinks it is best to take no chances hurting Joe's hands, and therefore boxing has been cut out.

There was a large crowd at Blanken's yesterday afternoon to see the colored champion work. He punched the bag for about fifteen minutes and then put on the gloves with Frankie McConnell, the local feather-weight, for four rounds. Mickey Welch also swung at Joe for four rounds and could barely hold up his hands when the bell stopped them. Gans simply blocked all the leads the way a fence does the dust, and both the young fellows passed it up as a bad job. Herman Miller, his sparring partner, then boxed six rounds, and they went to it pretty hard. Gans seems to direct most of his blows to the body and is exceptionally fast in the mix-ups. Miller looks like a pretty good man and those who saw him work yesterday with Joe are of the opinion that he will make Henry Lewis hustle a bit in their preliminary.

Gans weighed 125 Sunday and said he would make the required 122 easily. He is a wiry fellow and trimly built, his legs looking a bit thin, though. One of the features of Gans' quarters is the big bag of tanbark, which is suspended from the rafters. The bag is about four feet long and must weigh in the middle-weight division. Anyway, it takes a pretty good wallop to move it. After the champion has boxed with the live things about the place he goes at this for ten minutes and bangs at it like a machine. Joe says it is about the only thing about the place that does not get tired. "Medals" Dukelow, while boxing with Joe, wore that tired look, but now that the boxing part has been dropped wears a wide smile from morning till haytime.

WEST OAKLAND CLUB MEETING

BOXING EVENTS HAVE BEEN ARRANGED FOR NEXT TUESDAY EVENING.

The West Oakland Club will hold its monthly exhibition of boxing next Tuesday evening.

The first go will be a four round bout for a decision between William Torris, W. O. A. S., and Spike Foley, Magnolia Club, at 125 pounds. These men put up a hurricane bout at the last exhibition at the club and battled to a draw. They wish to try conclusions again and were matched. Each has commenced active training and will no doubt put up a fine bout. The next bout will be a four round affair between Henry Martin (colored) and Tom Murphy of San Francisco, at 118 pounds. Martin recently fought Billy Woods at the Acme Club and put up a very fast and clever bout and is always willing to mix matters from start to finish. He is an old timer in the ring and will no doubt give a good account of himself. His opponent, Murphy, is a well known boiler-maker in San Francisco and has had many fights. These men wish to settle a difficulty and will surely make one of the most interesting bouts seen for some time.

The main event will be a ten round bout for the welter-weight championship of the coast between Frank McConnell of the Olympic Club and Louis Long of the Reliance, at 122 pounds. These two battled to a draw at the Reliance Club recently and put up one of the best bouts ever seen in Oakland. As each thinks he earned the decision, they are now determined to settle who is the better man.

All the contestants have commenced active training and will be in first class condition on the night of the contests. This program is somewhat of a change from the regular one given by the club, but as the match-maker secured such a good card for this occasion the club thought it would put it on and will in the future put on the four-round contests again. The bouts will start at 8:30 sharp and every one is assured a fine evening's entertainment.

GOOD SHOWING BY OAKLAND PLAYERS

GAME IS IN PROGRESS AT THE OAKLAND GROUNDS THIS AFTERNOON.

The battle is on in earnest between the Lohmanites and Angels at Golden Gate baseball park this afternoon, and fans crowd grand stand and bleachers to cheer the league leaders on to victory. The word has gone down the line quietly that there has been much luck in the way Pete Lohman and his band of midgets have been winning games, and the veteran backstop has made up his mind to convince the skeptical before the close of the present series that there is also some ball playing bundled up in this so-called luck and that the Little Ones are equal to the task of making all the other teams in the league extend themselves to win games.

The line-up of the contending teams follows:

Los Angeles—Toman, s. s.; Lawler, r. f.; Jackson, l. f.; Householder, c. f.; Reilly, 3 b.; Raymer, 2 b.; Anderson, c.; Hanlon, 1 b.; McFarlan, p.

Oakland—Mohler, 2 b.; Lohman, c.; Streib, 1 b.; McCreedie, r. f.; Devereaux, 3 b.; Dunleavy, l. f.; Francks, s. s.; Gorton, c. f.; Hodson, p.

The table for last week shows that all the midgets have been batting some, and in consequence the team average has jumped from .246 to .252. McCreedie heads the column with .325, and Smiling Schmidt is close up with .299. The averages of the entire team follow:

	At Bat.	Base Hits.	Per Cent.
Walters	182	40	.219
Mohler	217	57	.262
Streib	200	45	.225
McCreedie	203	66	.325
Devereaux	224	55	.232
Dunleavy	217	53	.171
Francks	162	38	.234
Gorton	164	37	.225
Lohman	155	45	.290
Schmidt	102	29	.299
Cristall	88	20	.227
Moskiman	32	4	.125
Hodson	42	8	.190

MERCHANTS PLAN A BIG TIME FOR THE FOURTH.

Committees Report and Show Good Work Is Being Done.

There Will Be an All Day Celebration on National Holiday.

The Fourth of July Citizens' Committee met last night in the rooms of the Merchants' Exchange, and upon the report of Chairman Arper of the Parade Committee it was shown that the following organizations had already decided to take part in the procession on that day:

Battalion of Infantry from the Presidio at San Francisco, 500 strong.

One or two battalions of artillery.

One troop or more of cavalry, if any of that branch of the service should be at the Presidio at that time.

One company of naval apprentices from Goat island.

Possibly a company of marines.

Companies A and F, Fifth Regiment, N. G. C., of Oakland, and I Company of the same regiment at Livermore. This would be the first time for the last mentioned company to appear in this city.

Company A, Veteran Reserves.

Live Oak Lodge, No. 17, K. of P.

Two companies Uniform Rank, K. of P., of this city.

Drum corps.

Oakland wheelmen, 500 strong.

Modern Woodmen of America.

Brotherhood of Locomotive Engineers.

Piedmont Parlor, N. S. G. W.

Brooklyn Parlor, N. S. G. W.

Maccabees.

Court Verbano, Foresters of America.

Typographical Union.

Canton No. 11, Patriarchs Militant, I. O. O. F., of Oakland.

Canton Patriarchs Militant, I. O. O. F., San Francisco.

Grand Army Veterans in conveyances.

Court United States of America, Foresters of America.

Float showing the giving of the flag of liberty by the Goddess of Liberty to Cuba.

School children with drum corps.

Acceptances, Mr. Arper said, were expected from other organizations to which invitations to take part in the parade had been sent.

Oakland, he declared, had had a greater celebration on the Fourth of July last year than had any other city in California. That was simply proof of the fact that Oakland was alive.

ABSENCE OF TRADESMEN.

Chairman Brown said that he had noted that only two industrial organizations, the Typographical and the Brotherhood of Locomotive Engineers, had agreed to take part in the procession. He regretted that such was the case. Especially, where there were fifty or sixty organizations, it was to be regretted that only two had signified a willingness to parade.

G. W. Arper said that the plumbers were endeavoring to put in an appearance.

G. Hoffman said that perhaps the failure of the industrial organizations to report was because they had not had time to receive or act upon the invitation, as some of them met only every two weeks and others less frequently.

Morris Isaacs said he knew that members of industrial organizations were as patriotic as any other persons, and that if an invitation had been sent to the Federated Trades it would reach them at a weekly meeting and that it would thus be able to reach the auxiliary organizations.

REASON WHY.

Secretary Walker read an article from the Industrial News, setting forth that tradesmen would not be able to appear in a body on the Fourth of July because so many of them belonged to other fraternal organizations which would take part in the parade, as also because they were preparing to take part in the Labor Day celebration, and that two big displays in so short time would be more than they could make. The article closed by the statement that Labor Day, of the two holidays, under the circumstances, would receive the greater attention from members of industrial unions.

The question was dismissed by Chairman Brown remarking:

"If anything is placed above the Fourth of July, then good-bye to our country."

FEEDING GUESTS.

Craigie Sharp said that the question of feeding the marchers should be taken into consideration. Last year, they had been ably seconded by ladies. The people should be asked to send in sandwiches in abundance, as they had done last year.

Chairman Naegle of the Sub-committee on Rations said that they were going to have the Grand Army ladies do certain work in providing for the visiting soldiers, and that they would have young ladies to wait upon the soldiers, and he had no doubt that the visitors would be hospitably entertained.

MONEY COMING IN.

Theodore Gier, chairman of the Finance Committee, said that the committee was a little more encouraged because things were looking brighter. Up to last night $3,500 had been subscribed, and he felt that, under promising conditions, at least $5,000 would be secured, and that would be enough for a good celebration.

DECORATIONS.

Chairman Wellbye of the Decoration Committee said that that committee had been working hard. He said his committee would require at least $400.

Theodore Gier said that the committee could be allowed that sum.

Chairman Brown said that the committee would be allowed the sum mentioned.

Mr. Wellbye said that $400 would simply be required as a starter. What he wanted to know was what kind of decoration was required at the speaking and literary platforms. Thus far he had been providing for the side decoration of streets.

Secretary Walker said it was a question as to whether the procession should be disbanded at the High school or at the flag pole on Telegraph avenue. Last year only a few people remained to hear the literary program at the High school, because the procession was dismissed at the flag pole. If the procession should disband at the flag pole, the literary exercises could be held at the City Hall and the City Hall be decorated instead of the High school platform.

ELKS' FAIR FEATURES REMAIN.

Theodore Gier said that he had made arrangements to have all the lights on Washington street, Thirteenth street and Broadway and in the vicinity of the High school, as also the arch on Eleventh street, all of which had been put up by the Elks, remain. If that course should be approved by the committee, he thought it would be the best to have the parade disband near the High schools. The electric lights would blaze at night the same as they did during the Elks' fair.

This announcement was applauded.

SINGING.

It was announced that the Turn Verein Singing Section had won first prize at San Jose.

Chairman Brown asked Prof. Putzker if the section were good singers and whether or not they could be induced to sing at the afternoon exercises.

Prof. Putzker replied that they were A No. 1 singers and that, if they should be invited, they would doubtless attend.

The chair appointed as such committee on investigation Prof. Putzker, J. F. W. Sosht and Theo. Gier.

J. L. Champlin said that Prof. Lewis had promised to have 400 children sing on the platform on that day.

Herman Gard said the Committee on Music reported progress.

ADVERTISING.

Chairman Williams of the Committee on Advertising said they had put out 350 posters in the surrounding towns, and that seventy-five of these had gone into San Francisco.

Only a few had been put up in this city, where the advertising could be done well by the local press.

AFTERNOON.

Chairman Sinclair of the Afternoon Committee said that a number of rowing clubs were coming here and that there would be no doubt of a fine program which would be greatly appreciated.

NO CARNIVAL.

Clay Hawbaker said that Los Angeles and other places had cut out night carnivals, because men and women took part in them and things were done which were not proper. The Elks had closed the carnival without a Mardi Gras, and it was the most successful thing of the kind which Oakland had ever had. If they wanted him to get up a night carnival he would resign from the committee.

Chairman Brown said that Mr. Hawbaker had been appointed to get up a night program and that the committee did not say to him what kind of a program he was to get up.

Mr. Hawbaker said that he was not in favor of taking people to the lake or to the Elks' ground at night. He favored a promenade concert in the heart of town, so that, if there was any business to be done, people in the heart of town would derive the benefit. He would guarantee that people would promenade on Broadway and Washington street. There would be four bands, and a promenader would not reach the strains of one band before he was out of reach of the other. Some of the members of the other committees had urged him to get up a carnival for the evening, but he was opposed to it.

Secretary Walker showed how certain expenditures of last year for light and other articles would be unnecessary this year, and that the money involved could be expended for additional music and fireworks in the heart of town. The money allowed the committee last year was $800.

Mr. Hawbaker said that this year he wanted to be allowed $1,000.

ROWING REGATTA.

Mr. Pembroke of the Olympic Club of San Francisco, who is an enthusiastic supporter of the Lake Merritt regatta, said that the races in that regatta would be the best contested that had ever taken place in California. There would be six entries in the junior barge race, viz: Stockton; the Olympics, who would appear in red and white; the Dolphins, in navy blue and white; the Ariels, in light blue and white; the South Ends, in red and white stripes, and the Alamedas, in red, white and blue.

In the senior barge race there would be two competitors, the Alamedas and the Portlands in dark blue, light blue and white.

In the intermediate barge race, the South Ends, the Ariels, the Alamedas and the Olympics would compete.

Still another race would be the junior shell, in which Stockton, Alameda and the South End would appear.

TO ROW POPE.

In the senior shell race, Portland would send a man, William Patton, to row against Al Pope of the Dolphins.

In the junior skiff race, the competitors would be the Dolphins and Alamedas.

There would also be a senior skiff race, the clubs in which would be the Alameda and the Dolphin.

That was a day's sport, he said, which could not be excelled anywhere as far as it went.

Mr. Pembroke also announced that his 12-year-old son, Percy Pembroke, would give an exhibition of canoeing, diving and swimming.

The race between the Portlands and Alamedas would be most interesting. The Portland Club would be here on Monday and would be domiciled at the University Boat Club house in Sessions' basin. The Portland Club was practicing every day and was bent on doing its best.

Mr. Pembroke's announcement was received with applause.

Chairman Brown said that the races on the lake would be the best that the State had ever seen, and he was proud that that could be said of a regatta in this city.

Superintendent Saunders of the Adult Blind Industrial Home said, if he could see, the regatta would be one of the features which he would like to behold.

CUBAN LIBERTY FLOAT.

Secretary Walker directed attention to a float which had been suggested by Professor Putzker. It represented the giving of liberty to Cuba by the Goddess of Liberty.

Chairman Brown said that Professor Putzker had done more than any other man toward making the celebration. He also paid a compliment to the work in the same direction by other foreign-born citizens.

Professor Putzker made an entertaining speech, modestly declaring that he had not done as much as he would like to have done and that he was ready to do anything that might be required of him to make the affair a success.

ARPER FOR MARSHAL.

Chairman Arper of the Parade Committee said that the indications were that they would have the best parade Oakland had ever had.

His committee had just informed him that it had selected him for grand marshal of the procession. He had told the committee that it ought to select somebody else. At the same time, he had stated that he was in the hands of his friends.

LITERARY PROGRAM.

Dr. J. L. Mayon reported progress in the matter of the literary program. He understood that P. M. Fisher had all the features in hand. Mr. Fisher, however, was not in attendance.

THEY TALK OF TUNNEL ROAD.

MERCHANTS ARE ANXIOUS THAT THE WORK SHALL BE COMPLETED.

At the meeting of the Merchants' Exchange last night there was little business transacted, because the body desired to spend some time in making arrangements for the celebration of the Fourth of July.

THE TUNNEL ROAD.

Secretary Walker, however, brought up the matter of the Tunnel Road and said that some of the Supervisors had declared at the last meeting of that body that no money would be expended by the Supervisors of this county in the cutting of the tunnel until it should be ascertained what Contra Costa county was willing to do in the premises.

Director Sohst who is also a member of the Tunnel Committee, said that the Supervisors of Contra Costa county were already ahead of the Supervisors of Alameda county in the pushing of the work. They were already up to the line of the tunnel. He believed their road already led into the tunnel. The Supervisors of Contra Costa county had already declared that Contra Costa was ready to do its share of the work. Let them perform their part of the work by building the road up the tunnel. No contractor would take the contract for building a tunnel unless a road should run up to such tunnel. When the Supervisors in Contra Costa did that, the Supervisors here said they would do the same. At that time, the Supervisors of this county did not have the deeds or the right of way but they had gotten them since.

WORKING SEVEN YEARS.

Director Brown said that seven years had lapsed since they had started to secure a tunnel way and road to Contra Costa county. They had had the co-operation of the people on both sides and they had also had the co-operation of the officials of Contra Costa county, and he believed that they should have something to say in the matter.

Secretary Walker then read from a part of the printed proceedings of the Board of Supervisors at their meeting on June 11, 1901, with the purpose, as he put it, of showing that the Board of Supervisors had expressed themselves in favor of the tunnel road and project. The resolution proposed to levy a tax for the purpose of raising $10,000, which was to be taken out of the next tax levy for the pushing of the work and no money was to be expended till the right of way and the deeds for the same had been secured and all the other conditions had been complied with. People could now drive on the Contra Costa side from Buckley's home to the tunnel and, he believed, for a distance of a few feet into it.

Further consideration of the subject was continued until the next meeting.

PLEASED WITH THE ELKS.

MEMBERS OF THE EXCHANGE CONGRATULATE ORDER ON BUSINESS.

At the meeting of the Merchants' Exchange last night, the Elks' Carnival and success were highly commended by that body.

Director Brown said that the Exchange had been working, for a long time, for the benefit of Oakland. One thing that it sought to do was to get a a good road to Contra Costa county to avoid the Thorne-Hill road where there was a grade of forty per cent and where several people had been killed in accidents in attempting to climb and descend it. The County Surveyor had run lines but the only road that could be built was through Medau's. But Medau had been there for years. He did not see the necessity for a road and the speaker had spoken to J. F. W. Sohst and asked him if he did not know a Dutchman who could influence Medau to allow the new road to be built through his property.

Mr. Sohst had said he knew the man. The man's name was Tum Suden. A few days after that, Mr. Sohst asked the speaker to call around to see him because he said Tum Suden had secured the deeds for the road from Medau.

KIND OF PEOPLE WANTED.

The speaker reviewed the proceedings in the tunnel road and then referred to the fact that Oakland required somebody to draw attention to it and the Elks appeared. He referred to the success of the Elks' fair and said that the Elks were the kind of people Oakland wanted. He thought their fair was one of the best and grandest things that Oakland had ever done. In consideration of this fact, he said, he would introduce the following:

"Whereas, The most successful street fair ever held on the Pacific Coast has just come to a close in the city of Oakland; and,

"Whereas, Oakland Lodge No. 171 B. P. O. E., with the co-operation of the progressive citizens of Oakland has demonstrated the value of a united effort to advance the interests of the city of Oakland and the county of Alameda; therefore be it

"Resolved, By the Merchants' Exchange of Oakland that we desire to express to Oakland Lodge No 171 B. P. O. E., the thanks of the citizens of Oakland for their efforts in behalf of the wellfare of our city; and

"Resolved, That we congratulate them on the handsome financial result of the Carnival and feel that the success attained was richly deserved and well received the approbation of the citizens of the city of Oakland."

The resolution was unanimously adopted.

GIER'S THANKS.

Theodore Gier said that as one of the lodge of Elks, he was glad the fair was a success and he thanked the Exchange most heartily. The Elks had acted in conjunction with the merchants and he had heard numerous expressions of satisfaction that co-operation had been maintained. So satisfied was the order with it that when the speaker had asked the management of the fair to allow the platform at the High School to stand, the request was granted because his will was law and because the Elks appreciated the co-operation of the merchants of this city.

BOOTH AT FAIR.

A. Schlueter of the Committee on Elks' Fair reported that the Exchange booth had been removed.

The report was adopted.

FORECLOSURE SUITS.

H. F. Patterson as commissioner in the foreclosure action brought by the Union Savings Bank against Mary J. Huff, as executrix of the estate of her husband Lucien B. Huff, today sold 17 lots in the block bounded by Fourteenth and Fifteenth streets and Ninth and Tenth avenues. The sum realized by the sale was $17,810.

The Union Savings Bank bought all of the lots except three for $14,130. The family residence was purchased by M. W. Hausner for $2,550.

B. M. McGinnis and S. G. Nye bought the remaining two lots for $560 and $570 respectively.

It is understood that the foreclosure proceedings have consumed the residue of a once large estate.

The property was originally mortgaged for $12,375. The judgment, with interest and costs, amounted to $16,808.52. The property sold includes the entire block except one lot owned by George Fake.

SENT TO THE ASYLUM.

James Gorman, aged 45 years, a resident of West Berkeley, was committed to the Agnews Asylum for the Insane by Judge Ogden. He had terrorized the residents of West Berkeley by running through the streets at night without any clothing.

Mrs. Frank Dolbear was sent to the asylum at Ukiah. She imagined people were attempting to kill her.

SUIT IS COMPROMISED.

Judge Ogden today authorized the compromise of the two suits instituted against the estate of Nellie E. Reed, deceased by C. B. Williams and Annie L. Cameron. The executor was authorized to pay the sum of $400 as a settlement of the second claim.
